FISCAL YEAR 2012 FOOD FOR PEACE FACT SHEET

In FY 2012, Food for Peace provided approximately 1.4 million metric tons of Title II food aid as part of programs valued at approximately \$1.6 billion in 44 countries.

In addition, Food for Peace provided \$374 million in grants in 19 countries for local and regional purchase of food commodities, food vouchers and cash transfers under the Emergency Food Security Program. This program is used primarily when U.S.-purchased Title II food aid cannot arrive fast enough to respond to an emergency or when local purchase, cash transfers or food voucher programs may be more appropriate than U.S. in-kind food aid due to local market conditions.
